

**Dave Nannini**  
**Chief Operating Officer**  
**Partner**

Dave Nannini is partner and Chief Operating Officer of Rave Computer. In this position, Mr. Nannini is responsible for the overall management of daily purchasing, supply chain, and operations of Rave. Mr. Nannini ensures that proper management of resources, distribution of goods, and services to customers are completed.

Mr. Nannini joined the company in 2003 as Supply Chain Manager and also served as Operations Manager for Rave in 2005. Mr. Nannini was instrumental in implementing appropriate programs to drive quality and performance in the company's operations.

Prior to joining Rave, Mr. Nannini served as Vice President of Operations at ABB Flexible Automation from 1997-2003 where he oversaw a multimillion dollar operation.

In 2010, Mr. Nannini supported business development efforts where Rave won the Top Intel award for "Most Innovative Workstation/Server Solution" in North America. Under Mr. Nannini's leadership, Rave Computer continues to be ISO certified and currently hold the ISO 9001:2008 Certificate.

Rave Computer, a privately held company based in Sterling Heights, Michigan, specializes in computer hardware consulting, integration, and support. Rave offers custom configured solutions to OEM's that embed computers, the Defense Industry, Independent Software Vendors, and commercial customers that require integration services or supply chain management support. Visit [www.rave.com](http://www.rave.com) for more information, or call (800) 966-7283.
