

**Doris Block-Tomlinson**  
**Vice President and Business Development Consultant, Rave Computer**  
**CEO and President, Danas Technology**

Doris Block-Tomlinson is CEO and President of Danas Technology, a value added reseller of computer hardware and a system integrator of custom computing solutions targeting the military and manufacturing markets. Ms. Block-Tomlinson also currently serves as Vice President and Business Development Consultant for Rave Computer. In this role, she strategically aligns opportunities for military sales initiatives and is responsible for the marketing of system integration and computer hardware.

Ms. Block-Tomlinson served as Vice President of Marketing since 2008 for Rave Computer. In this position, she had overall responsibility for the corporation's strategic marketing, corporate communications policies, executive communications, corporate identity programs, and public relations. Additionally, she led the advertising and brand strategy for the organization.

Ms. Block-Tomlinson joined Rave Computer in 2002 as the Director of Marketing, after serving as the U.S. Americas Marketing Manager for Sun Microsystems from 1995-2001. In this capacity, Ms. Block-Tomlinson was responsible for the corporate events for the Americas including tradeshows, internal communication events and various external communication functions.

Prior to joining Sun Microsystems, Ms. Block-Tomlinson held various positions with Control Data and Anderson Consulting.

Ms. Block-Tomlinson holds a Bachelors of Science from Lawrence Technological University in Engineering.

Ms. Block-Tomlinson is an active member of Women in Defense, an organization that cultivates and supports the advancement and recognition of women in all aspects of national security. In addition to being a member of the Michigan Counsel of Women in Technology where she has served on the board of directors as the Marketing Director, Ms. Block-Tomlinson is a member of the Society of Women Engineers, AFCEA, NDIA, and AUSA.
