Integrated Solutions from **Design to Delivery**

Company Profile

Build to Meet Your Specifications

Whether technical specifications require a system that is Commercial Off the Shelf (COTS) or a solution that is more customized, Rave Computer can provide a solution that is built to meet form, fit, function, and appearance requirements. Acting as an outsource manufacturer, Rave's team will help design, source, and build a total integrated solution from start to finish.

Military

Rave Computer offers fully deployable military grade computing solutions. We provide commercial-off-the-shelf (COTS), modified COTS, and custom-engineered systems that can be designed to meet MIL-SPEC standards, including rugged rackmount, tower, mobile, and small form factor systems.

Rave has over 22 years of hardware integration experience and only offers best-of-breed technologies to the military market. Our successful deployments include: C4ISR, Senior Scout, Radiant Mercury, JCC, HAGS, Technology Insertion, Space Shuttle Crawler, and we fully support land, air and sea deployments.

ISV/OEM

Rave Computer's integrated solutions are built to meet your form, fit, function, and appearance requirements. Acting as an outsource manufacturer, Rave will help you design, source and build your entire integrated solution.

Systems Built to Meet Specific Requirements

Rave Computer excels at integrating best- of -breed technologies into deployable solutions, to meet commercial market requirements and optimized to meet specific vertical market niches. Examples include product solutions optimized for:

- Visualization
- Simulation
- Robotics
- Industrial Computing
- Mobility
- Military Grade
- Digital Signage Industry

Services

Rave offers a wide range of services throughout the product lifecycle that provides an end-to-end approach to each customer's specific challenges. Our proven successes combined with best practices and methodologies can help you reduce cost, time and risk. Rave offers an impressive portfolio of Computer Service offerings that deliver high-performance, sustainable computing solutions to address customer IT needs which includes:

- Technology Consulting
- Integration Services
- OEM Server / ISV Appliance
- Custom Design & Engineering
- Modified Commercial Off-The-Shelf (COTS)
- Long Lifecycle Computer Consulting

Partnering For Success:

Rave partners with best of breed turnkey solution providers that enable us to achieve common objectives more efficiently and productively. Our partnership criteria are every bit as demanding as the requirements our customers have for our solutions and services. Rave is a recognized premier partner with multiple industry leaders such as: Intel, Sun Microsystems, Microsoft, Supermicro, AMD, NVIDIA and many others.

Quality Assurance, Experience and Dedication

The RaveSpecSM ADVANTAGE Guarantee is a corporate commitment to consistently provide our customers with quality products and services. It is our commitment that every component in each system is rigorously tested for possible defects and to ensure hardware and software compatibility. The RaveSpecSM ADVANTAGE Guarantee is our commitment that we meet or exceed your expectations of quality products, services and support.
